8. System Outputs

8.1 Generate Reports Dialog

The Generate Reports dialog is used to select a report to print. This dialog can be accessed from the System Outputs toolbar button. Please note that not all outputs can be accessed from this location. In those instances, the access location will be described along with the dialog description.

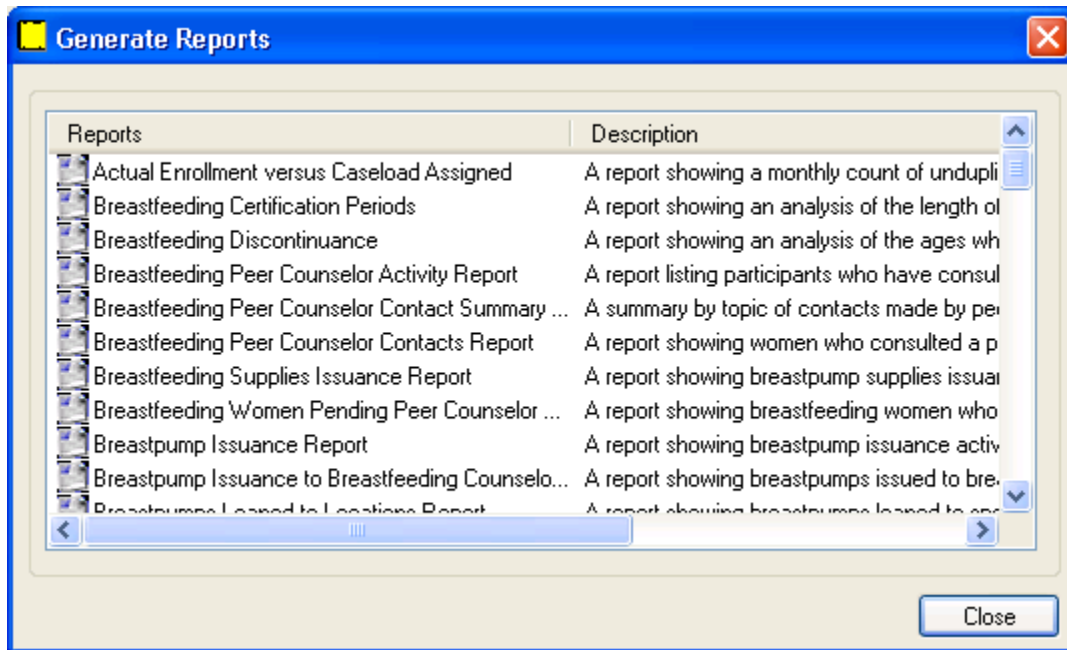

Figure 1 – Generate Reports Dialog

8.1.1 Controls

This section describes the behavior of the controls on the dialog.

8.1.1.1 Reports Display List

This control allows the user to view the list of available reports. The display list will be enabled when the dialog is active. It will display entries for all available reports that can be generated. Each entry displays as a small icon and a text label that displays to the right of the icon in the Reports column. Additional information is displayed for each entry in the Description column. The entries are arranged vertically, each on its own line, in ascending alphabetical order. There are no options for re-sorting the list. The user can make a single selection. Double-clicking a list item will invoke the generate panel for the selected report.

8.1.1.1.1 Generate Actual Enrollment Versus Caseload Assigned Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Actual Enrollment Versus Caseload Assigned dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.2 Generate Breastfeeding Certification Periods Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Breastfeeding Certification Periods dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.3 Generate Breastfeeding Discontinuance Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Breastfeeding Discontinuance dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.4 Generate Breastfeeding Initiation Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Breastfeeding Initiation Report dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.5 Generate Breastfeeding Peer Counselor Activity Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Breastfeeding Peer Counselor Activity dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.6 Generate Breastfeeding Peer Counselor Contact Summary Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Breastfeeding Peer Counselor Contact Summary dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.7 Generate Breastfeeding Peer Counselor Contacts Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Breastfeeding Peer Counselor Contacts dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.8 Generate Breastfeeding Summary Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Breastfeeding Summary Report dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.9 Generate Breastfeeding Supplies Issuance Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Breastfeeding Supplies Issuance Report dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.10 Generate Breastfeeding Women Pending Peer Counselor Contact Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Breastfeeding Women Pending Peer Counselor Contact Report dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.11 Generate Breastpump Issuance Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Breastpump Issuance Report dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.12 Generate Breastpump Issuance to Breastfeeding Counselors Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Breastpump Issuance to Breastfeeding Counselors Report dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.13 Generate Breastpumps Loaned to Locations Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Loaned to Locations Report dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.14 Generate Breastpumps Returned to Manufacturer Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Breastpumps Returned to Manufacturer Report dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.15 Generate Caseload Assigned Comparison – Enrollment Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Caseload Assigned Comparison – Enrollment dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.16 Generate Caseload Management Projection System Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Caseload Management Projection System dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.17 Generate Clinic Activity Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Clinic Activity Report dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.18 Generate Comparison of Prenatal and Postpartum Certification Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Comparison of Prenatal and Postpartum Certification dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.19 Generate Dual Enrollment Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Dual Enrollment dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.20 Generate EBT Household Reconciliation Report

This list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate the EBT Household Reconciliation Report dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.21 Generate Enrollees By Age and Race/Ethnicity Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Enrollees by Age and Race/Ethnicity dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.22 Generate Enrollment Monthly Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Enrollment Monthly dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.23 Generate Enrollment Unduplicated – Yearly Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Enrollment Unduplicated – Yearly dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.24 Generate Estimated Eligible Comparison Reported Participation Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Estimated Eligible Comparison Reported Participation dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.25 Generate Food Instrument Package Cost Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Food Instrument Package Cost dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.26 Generate Food Instrument Redemption Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Food Instrument Redemption Report dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.27 Generate Food Prescriptions Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Food Prescriptions dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.28 Generate Formula Compliance Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Formula Compliance dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.29 Generate Formula Supplementation of Breastfed Infants Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Formula Supplementation of Breastfed Infants dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.30 Generate Formula Usage Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Formula Usage Report dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.31 Generate Goal Setting Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Goal Setting dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.32 Generate How Clients Heard about WIC Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate How Clients Heard about WIC Report dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.33 Generate Income Eligibility Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Income Eligibility dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.34 Generate Ineligibility Summary Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Ineligibility Summary Report dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.35 Generate Initial Certification Process Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Initial Certification Process Report dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.36 Generate List of Dual Participation Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate List of Dual Participation Cases Report dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.37 Generate List of Items Paid Without Issuance Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate List of Items Paid Without Issuance dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.38 Generate Medicaid Adjunctive Eligibility Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Medicaid Adjunctive Eligibility dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.39 Generate Migrant Enrollment Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Migrant Enrollment dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.40 Generate Migrant Participation Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Migrant Participation dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.41 Generate Minority Health Disparity Survey Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Minority Health Disparity Survey dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.42 Generate Newly Enrolled Pregnant Women By Trimester Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Newly Enrolled Pregnant Women By Trimester dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.43 Generate Non-Participation Reason By Category Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Non-Participation By Category dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.44 Generate Nutrition Education Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Nutrition Education dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.45 Generate Number of Participants Issued Food Instruments Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Number of Participants Issued Food Instruments Report dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.46 Generate Nutritional Risk Factors at Certification by Category Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Nutritional Risk Factors at Certification by Category dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.47 Generate One to One Reconciliation Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system displays the Generate One to One Reconciliation Report dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.48 Generate Outreach Listing Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system displays the Generate Outreach Listing Report dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.49 Generate Participant Insurance Type Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Participant Insurance Type dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.50 Generate Participation Processing Statistics Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Participation Processing Statistics dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.51 Generate Participation vs. Enrollment Monthly Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Participation vs. Enrollment Monthly dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.52 Generate PC20XX File

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the PC20XX File Generation dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.53 Generate Peer Counselor Breastfeeding Contact Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Peer Counselor Breastfeeding Contact List Report dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.54 Generate Peer Counselor Prenatal Contact Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Peer Counselor Prenatal Contact List Report dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.55 Generate Prenatals Pending Peer Counselor Contact Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Prenatals Pending Peer Counselor Contact Report dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.56 Generate Redeemed Food Instruments/Expenditures Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Redeemed Food Instruments/Expenditures dialog defined in System Outputs Chapter 01 – System Outputs.

8.1.1.1.57 Generate Redeemed Participation High Risk Priority Goal Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Redeemed High Risk Priority Goal dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.58 Generate Redeemed Participation Monthly Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Redeemed Participation Monthly dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.59 Generate Redeemed Participation Priority Summary Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Redeemed Participation Priority Summary dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.60 Redeemed Participation Unduplicated – Yearly Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Redeemed Participation Unduplicated – Yearly dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.61 Generate Redeemed Participation WIC – Monthly Unduplicated Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Redeemed Participation WIC – Monthly Unduplicated dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.62 Generate Referrals from WIC to Outside Agencies Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Referrals from WIC to Outside Agencies Report dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.63 Generate Reported Participation High Risk Outreach Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Reported Participation High Risk Outreach dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.64 Generate Reported Participation Monthly Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Reported Participation Monthly dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.65 Generate Reported Participation Unduplicated – Yearly Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generated Reported Participation Unduplicated – Yearly dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.66 Generate Reported Participation WIC – Monthly Unduplicated Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Reported Participation WIC – Monthly Unduplicated dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.67 Generate Staff Activity Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Staff Activity Report dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.68 Generate Statewide Education Summary Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Statewide Education Summary dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.69 Generate Survey Results Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Survey Results Report dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.70 Generate Special Formula Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Special Formula dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.71 Generate Special Formula Prescription Expiration Date Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Special Formula Rx Expiration Date Report dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.72 Generate Unduplicated Enrollment – Yearly (Calendar Year) Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Unduplicated Enrollment – Yearly (Calendar Year) dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.73 Generate Unduplicated Enrollment – Yearly (Federal Fiscal Year) Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Unduplicated Enrollment – Yearly (Federal Fiscal Year) dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.74 Generate Unduplicated Enrollment – Yearly (State Fiscal Year) Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Unduplicated Enrollment – Yearly (State Fiscal Year) dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.75 Generate Voided Food Instruments Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Voided Food Instruments dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.76 Generate Waiting List Summary Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate Waiting List Summary Report dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.77 Generate WIC Reported Participation (per FNS-798) Report

The list item will be enabled when the dialog is active. It does not have a mnemonic or a caption. Upon selection of the list item, the system invokes the Generate WIC Reported Participation (per FNS-798) dialog defined in [System Outputs Chapter 01 – System Outputs](#).

8.1.1.1.78 Close Button

The control allows the user to exit the dialog. The Close button is enabled when the dialog is active. Characteristics for the Close button are defined in [Consistencies](#).

8.1.2 Processing

This section describes the processes (navigation) that take place as a result of the actions taken on the dialog.

8.1.2.1 Initializing the Interface

Upon initial presentation of the dialog, the following occurs:

- The title bar text will be set to "Generate Documents".
- The display list will initially have no default selection.

8.1.2.2 Close

Upon selection of the Close button, the system dismisses the Generate Reports dialog and return to the previous dialog.
